To Whom It May Concern:

Sahara, Inc. recently completed the construction of Clear Horizons Academy in Orem, Utah. We are delighted to recommend this company. It has been our pleasure to work alongside Sahara to plan our school, and we are thrilled that Sahara made our dream a reality.

Sahara was well-qualified to complete a large scale building such as Clear Horizons Academy. As a nonprofit school for children with Autism Spectrum Disorders, it was important for us to have a world-class facility specifically built to accommodate the needs of our special students. Their employees were professional and thorough as they completed this unique facility on time and on budget. The quality of their work met all of our expectations.

We highly recommend Sahara to anyone seeking a general contractor for projects large and small.

Sincerely,
