Sahara, Inc.
801 North 500 West, Suite 300
Bountiful, Utah 84010

To Whom It May Concern,

Sahara, Inc. recently completed a building remodel and addition project for Drawbridge Realty Trust at L-3 Communications' Airport Technology Park in Salt Lake City, Utah. This was the first project we've done with Sahara and we were impressed by the honesty and competence of their staff. Sahara worked closely with our tenant to ensure security, health and safety measures, and parking were addressed properly.

Sahara worked within a tight timeframe and delivered the project on time and within budget. They were easy to work with and they did what said they were going to do. We didn't experience any surprises and felt like we were well informed throughout the construction period. They made every effort to proactively address potential problems and resolved some architectural issues with little or no impact to the schedule.

Because we had such a good experience on this project, we chose Sahara to build the next building on the campus- a 90,000 SF office building. We look forward to working with them again and we're excited to have the same project team on board. I would recommend Sahara without hesitation. Please contact me at 415-391-4440 if you have any questions.

Respectfully,

Mike Embree, Vice President – Asset Management
Drawbridge Realty Trust, LLC
